

Stokes Lectureship at GMIT in Biological Science

Post Title: Aquaculture

Funding Agency: Science Foundation Ireland (Stokes Lectureship)

Research Environment: The Stokes Lecturer will join the Research for Alternative Culture Enterprises (RACE) group. RACE is a multidisciplinary research group comprising two fulltime academic staff, one principal investigator, two postdoctoral fellows and five postgraduate students. Research themes within the group include novel species aquaculture, sustainable energy solutions for aquaculture and extracting thermal energy from waste for use in culture enterprises

Requirements/Background: The successful candidate will hold a PhD in aquaculture, aquaculture engineering or a related field. They will have demonstrated performance through publications in peer reviewed journals and a track record in obtaining research funding.

Project Start-Date: January, 2008

Project Duration: 5 Year Fixed Term

Conditions: SFI Award is valued at €90,000 per annum

Further Information on the Post: Mr. Seamus Lennon, Head of Physical and Life Sciences.
