- b) In the case of an allegation of plagiarism, the relevant Head of Department should provide the Registrar's Office with details of the points assigned as per the Plagiarism Penalty Grid. This information will be provided to the Disciplinary Committee.
- c) Notice of the hearing is to be sent, by email to the student, at least three clear days before the date of the hearing or handed personally to the said student at least three full days in advance of the hearing.

The written notice referred to in paragraph (b) shall contain a copy of any documents on which the Institute proposes to rely at the hearing. In addition, the notice shall state that the respondent student is entitled, within reason, to call the attendance of witnesses for the purpose of the hearing, to inspect all relevant documents and to obtain copies of any documents listed in the notice upon which the Institute intends to rely. The notice shall also state that the student may be accompanied at the hearing by a person of the student's choice, such as the President of the Students' Union, a college chaplain, student counsellor or a parent. The student shall be informed that written submissions may be made to the Disciplinary Committee in advance of the hearing. Where a dispute involves two students, both should be asked to make written submissions to the committee.

- d) The Registrar shall call witnesses as appropriate and as deemed necessary.

### 7.2 DISCIPLINARY COMMITTEE PROCEDURE

The Disciplinary Committee shall conduct its activities using fair and reasonable procedures.

The following procedures shall be followed by the Disciplinary Committee:

- a) The Registrar, or their nominee, shall present the allegation to the Committee in the presence of the student.
- b) If the student is not present, the hearing continues in their absence.
- c) The student, if present, shall be asked to admit or deny the alleged offence.
- d) If the student admits the substance of the charge or complaint to be true it shall not be necessary for the Registrar or nominee to offer evidence, although both parties may make such submissions, or addresses, as they wish in relation to the penalty.
- e) If the student denies the alleged charge, the subsequent procedure shall be fair and reasonable having regard to the nature of the offence and the penalties laid down in these Regulations.

In particular, the following practices shall be observed:

- i) All of the evidence shall be heard in the presence of the student and those accompanying them.
- ii) The student shall be given the opportunity of offering evidence and presenting witnesses and documentation relevant to the issues.
- iii) All members of the committee are entitled to question the Registrar, or nominee, the respondent student(s) and/or any witnesses.
- iv) The relevant lecturer, Head of Department or Head of School may be invited to attend or to make a submission.
- v) The Registrar or nominee and the student shall be given the opportunity to make submissions, after evidence has been taken, including representations with regard to the penalty.
- vi) The Committee shall deliberate in the absence of the complainant, Registrar or nominee, and respondent student but shall be entitled to seek legal advice on any matter arising in the course of the proceedings if deemed necessary. The Committee may also seek further information before arriving at a decision.
- vii) In the event that the Committee is required to re-convene at a future date, membership of the Committee shall remain the same as for the original hearing in so far as is possible.
- viii) No forms of electronic recording will be used in any hearing without the express knowledge and full consent of all parties involved.

## 7.3 DISCIPLINARY COMMITTEE PENALTIES

The Disciplinary Committee has discretion as to the appropriate penalty having regard to all the circumstances of the case.

Where a student is found guilty of the offence or offences charged, the Committee is empowered to impose a penalty or a combination of penalties. The list of penalties listed is indicative and not absolute. The Disciplinary Committee has discretion to impose penalties other than those listed, as may be deemed appropriate.

### (a) Academic Penalties

- A reprimand.
- To decide that no mark shall be awarded for the module in question and, if deemed appropriate, for all of the examinations at that session. The Committee can decide that any repeat mark for the module, or module component, is capped at 40% and, at its discretion, that any repeat be treated as a second attempt. The Committee can also decide that the student would not be allowed re-sit for twelve months.
- Exclusion from examinations for a specified period.
- Deprivation of award of degree, certificate, scholarship, prize or other academic award in exceptional cases.

- Suspension from the Institute for a stated period, or until such time as any requirements laid down by the Committee are honoured.
- Expulsion from the Institute in exceptional circumstances where no other penalty is deemed appropriate, having regard to the gravity of the offence.

### **(b) Non-Academic Penalties**

- A fine not exceeding €500.
- An order for the reparation of any damage or loss caused either to the Institute, or to any of its members or members of the public.
- Exclusion from specific Institute facilities.
- Suspension from the Institute for a stated period or until such time as any requirements laid down by the Committee, such as the restitution of damage or loss, are fulfilled or a specific requirement undertaken.
- Expulsion from the Institute in exceptional circumstances where no other penalty is deemed appropriate, having regard to the gravity of the offence.

### **Suggested Criteria for Imposition of Penalty for Academic Offences:**

At all stages of the Disciplinary Process, in so far as it affects academic offences, it is suggested that the following criteria be taken into account in deciding the level of penalty to be imposed or other action to be taken:

1. The extent of the academic offence.
2. The degree of intent.
3. The level of study and previous educational background of the student.
4. Any previous history of academic offences.
5. The extent of the student's knowledge and understanding of the concept of academic misconduct and of the correct procedures for referencing in the particular discipline.
6. The impact of the penalty on the student's progress or award.

The Committee may, having regard to all the circumstances of the case, decide not to impose any penalty.

#### **Note:**

- a) Any monetary penalty shall be paid to the Vice-President for Finance & Corporate Services and duly receipted.
- b) Any sanction should be proportionate to the offence which has been committed.

## **7.4 COMMUNICATION OF DECISION**

The decision of the Disciplinary Committee, in every case brought before it, shall be given in writing, and communicated by email, in due course to the student concerned. The decision of the Disciplinary Committee will be communicated to the student by the Registrar's Office.

## 8 APPEAL

**8.1** An appeal may be made to the Governing Body within seven days from the date of issue of the decision of the Disciplinary Committee and the appellant shall submit in writing the grounds for appeal. The Registrar and/or the student are the most likely appellants. The date of issue of the said decision shall be the date on which the decision is posted to the student's address, as recorded on the Institute's register of students, or the date on which the said decision is handed or emailed to the student. The appeal should be addressed to the Secretary/Financial Controller of the Institute.

### 8.1.1 Grounds of Appeal

1. New evidence has become available which could not have been provided for consideration at the original hearing.
2. The finding of culpability was based upon an error in the interpretation of the procedures for dealing with academic offences.
3. There was a procedural irregularity in the conduct of the Disciplinary Hearing.
4. The decision was against the weight of evidence.

The Registrar should continue to prosecute the appeal on behalf of the Institute to the Governing Body Appeals Committee. The appeal is not a re-hearing of the original complaint.

## 8.2 GOVERNING BODY APPEALS COMMITTEE

- a) The Governing Body shall establish an Appeals Committee to hear appeals from decisions of the Disciplinary Committee of the Academic Council. It shall be called the Governing Body Appeals Committee. The Governing Body Appeals Committee shall be composed of three members of the Governing Body, the President of the Students' Union or their nominee and one neutral Head of Centre/School or Head of Department, with gender balance. A member of the administrative staff may be appointed as a non-voting secretary to the Governing Body Appeals Committee. The chairperson shall be a member of the Governing Body, other than a staff member or student of the Institute and one of three nominated by it for that role. Members of the Governing Body Appeals Committee shall be appointed by the chair of the Governing Body. No member of the appeals Committee should have been involved in the case previously.
- b) Decisions of the Governing Body Appeals Committee shall be taken by a simple majority, with the chairperson having a casting vote in the event of a tie.
- c) A written record of the proceedings shall be made.

## 8.3 PROCEDURES OF GOVERNING BODY APPEALS COMMITTEE

- a) A copy of the appellant's grounds of appeal including their submission, if any, shall be provided to the Committee.
- b) A copy of the relevant record, of the Disciplinary Committee of the Academic Council, shall be provided.

- c) The appellant, the Registrar, their nominee or other Institute representative shall continue to prosecute as appropriate and/or make oral submissions to the Governing Body Appeals Committee.
- d) In exceptional cases where, in the opinion of the Governing Body Appeals Committee, the requirements of justice so dictate, the Committee may consider evidence which was not tendered at the hearing before the Disciplinary Committee. This is provided always that the intention to adduce such fresh evidence has been notified to the student and to the Registrar or other Institute representative, as the case may be, in sufficient time to enable the student or the Registrar or other Institute representative to consider properly the said fresh evidence and to deal therewith adequately at the hearing of the appeal.
- e) The Chair of the Disciplinary Committee or their nominee shall be available to attend the appeal hearing in order to explain the Committee's decision.
- f) The Appeals Committee may question the Chair/nominee of the Disciplinary Committee and the student (appellant).
- g) The Committee will deliberate and make its decision in the absence of the Chair/nominee and the appellant.
- h) The Governing Body Appeals Committee may:
  - i. Allow the appeal.
  - ii. Decrease or increase the penalty or vary the nature of the penalty.
  - iii. Reject the appeal.

The determination of the Governing Body Appeals Committee shall be given in writing and a copy thereof handed to the student concerned or forwarded by registered post to the appellant's address as recorded on the Institute records.

Where the student fails to attend the meeting without good cause, the Governing Body Appeals Committee may consider the case in the absence of the student and without further notice. It is the responsibility of the student to establish good cause to the satisfaction of the Committee.

## **8.4 EXTERNAL APPEAL**

If any party to a dispute is dissatisfied with any decision of the Governing Body Appeals Committee, they shall have the right to an external appeal to such independent person or persons as the President of the Institute shall nominate to hear the concerns. The nominee ideally should be acceptable to both parties. Alternatively, or subsequently to the above, either party shall have the right to appeal to the Ombudsman, as per the Ombudsman (Amendment) Act 2012, within 12 months of the action occurring.

## 9 ALCOHOL AND SUBSTANCE ABUSE

Alcohol and substance abuse in the workplace/institution can be a major factor in accidents, absenteeism and reduced concentration/productivity and can have damaging effects (personal, financial and social), on the user/individual, their family and colleagues.

‘Drug misuse’ refers to the use of illegal drugs and the misuse, whether deliberate or unintentional, of prescribed drugs and substances such as solvents. Drug misuse can harm the user both physically and mentally and, through the user’s actions, other people and the environment.

Simultaneous use of drugs and alcohol is particularly dangerous (From Health and Safety Executive Guide ‘Drug misuse at work’).

GMIT contends that Alcohol and Substance Misuse exists when a student’s use of either or both results in impaired performance and presents a potential risk to themselves and/or colleagues/employees of the Institute.

All GMIT premises are alcohol and drug free.

Students shall be alcohol and drug free while attending the Institute.

If a member of staff or member of the Governing Body or other authorised person is of the opinion that a student member is under the influence of alcohol or substance abuse, the student may be requested to undergo a medical assessment. This request will be communicated to the student by the Vice President for Corporate Affairs and Finance.

Failure to comply will be deemed a breach of the Code of Student Conduct.

### Controlling Drink Promotions and Sponsorship

- The appointment of on-campus representatives by drink companies is not allowed at GMIT.
- All promotion of alcoholic drink is prohibited in the Institute.
- No alcohol will be accepted as awards, prizes or rewards for individuals and groups.
- Advertising on campus of social events should not portray drinking as a solution to personal or academic problems.

Social media should not be used by clubs or societies to promote irresponsible or binge drinking.

The GMIT logo and Institute name should not be used by any internal or external group or organisation in the promotion of drinking. Any such promotion will be followed up on by the Institute management.

## **10 CLEAN AIR CAMPUS**

GMIT is a Clean Air Campus where smoking and vaping are not permitted inside Institute buildings, on GMIT grounds, in vehicles travelling on Institute business, in any learning environment (including field trips etc.)

Students found to be in breach of this policy may be subject to disciplinary proceedings.
