TRANSPORT TO GALWAY

There are various ways to get to Galway as you can travel here by Plane, Train and Bus. The two main international airports are Dublin and Shannon.

Dublin International Airport (www.dublinairport.com) is approximately 2.5 hours drive from Galway City and offers flights to Galway.

Dublin Airport is well serviced by buses to Galway. There are two private coach companies which operate between Dublin Airport and Galway – Citylink and Go Bus. Check <http://www.citylink.ie> and <http://www.gobus.ie> for timetables. Both bus companies leave from the Coach park which is opposite the arrivals hall. These buses are very convenient as you can load your luggage on at the airport and you don't have any hassle with it until you reach Galway. If you travel with City Link and depending on where your accommodation is located, it may be advisable to get off the bus at GMIT. If you have to do this, you should advise the driver when you get on the bus so that your luggage will be placed where it can be easily taken off the bus.

Shannon International Airport (www.shannonairport.com) is approximately 1.5 hours drive from Galway city. For bus timetables for the City Link Bus www.citylink.ie it may be advisable to get off the bus at GMIT. If you have to do this, you should advise the driver when you get on the bus so that your luggage will be placed where it can be easily taken off the bus.

Knock Airport (www.knockairport.com) is approximately 30 minutes drive from Castlebar Campus and 1.5 hours drive from Galway. Bus Eireann operate a service to both destinations. http://www.irelandwestairport.com/toandfromairport/by_bus.aspx

Train

The trains from Dublin to Galway are rather more expensive than the buses (approx. 40 Euro) and are not very convenient because you have to take a bus from the airport to the train station (Heuston Station) and this takes approx. 45 minutes and costs approx. 7 Euro. Check <http://www.irishrail.ie> for timetables. Then when you reach Galway you have to take a taxi to your house which will cost another 5 or 6 Euro.

Bus

Dublin – Galway

Buses are relatively cheap and cost approx. 15 Euro single fare from the airport to Galway but they take approx. 3 hours. Both bus companies also offer several daily services from Dublin city. Citylink leave from Aston Quay inbetween Ha'penny Bridge and O'Connell Bridge and Go Bus leave from Eden Quay.

The other alternative is Bus Eireann. Check <http://www.buseireann.ie> for the timetables. These leave every couple of hours from Busarus station. You can take a bus from the airport to Busarus to catch the bus to Galway.

GENERAL PRACTICAL INFORMATION FOR NON-NATIONALS

Non EU Nationals

American students do not require a visa to enter Ireland but are required to register with the local Immigration office within 30 days of arrival. See details below highlighted in bold print on what paperwork needs to be brought to the immigration office. You must bring your formal GMIT letter of acceptance in your hand luggage as the officials in the Irish airports will request it.

Other Non EU nationals must apply for a visa to come to Ireland. Applications must normally be made through the Irish Embassy or Consulate in the applicant's country of permanent residence. If there is no Irish Embassy or Consulate in that country, applications may be made directly by post to the Visa Office, Department of Justice, Visa Section, Department of Justice, Equality and Law Reform, 13/14 Burgh Quay, Dublin 2.

Email: visamail@justice.ie

(helpline available 10:00am to 12:30pm Monday to Friday only)

A letter from the International office is required stating that you have been offered a place in the college and the duration of your study period here. 3 passport size photos are required as well as the passport which must be valid for 6 months after the intended departure date from Ireland. The granting of an Irish Visa is, in effect, only a form of pre-entry clearance. It does not grant permission to enter Ireland. Immigration officers have authority to grant or deny admission. Visa holders are subject to normal immigration control at the port of entry and should, therefore, carry with them, for possible presentation to Immigration Officers, the originals or copies of documents submitted with their applications. Visa applicants require a valid visa each time they enter the State, including entry via the UK. A visa does not grant permission to stay in Ireland. The date of validity shown on the visa indicates only the date before which it must be presented to the Immigration Officer. The length of stay is decided by an Immigration Officer at the port of entry. Irish law does not provide for a permanent residence visa. A visa holder who remains in the State longer than the permitted period and/or who submitted false or misleading information in support of his/her application may become liable for prosecution and/or be subject to deportation. Travel tickets should not be booked or paid for by applicants until their applications have been approved. Those granted Visas will be required to register shortly after arrival with the local police.

New Legislation on Opportunities to work for Non-EU students

Non-EU/EEA nationals who have permission to remain in the state as students will be entitled to take up casual employment (defined as up to 20 hours part-time work per week or full-time work during vacation periods) for the duration of their permission to remain. The entitlement to take up employment ceases upon the expiry of their permission to remain and their being in casual employment will not, in itself, entitle them to further permission to remain. It will continue to be a breach of their student conditions to be in full-time employment, other than during vacation periods. As the primary purpose of their residence continues to be study, a work permit will not be required.

Garda National Immigration Bureau Registration (G.N.I.B) GALWAY

The GNIB office is located at Unit 2, Liosbaun Industrial Estate, Tuam Road, Galway. The telephone number is 091 768002 and the fax number is 091 768003. If you are an E.U. or E.E.A. citizen you do not need to register with the Garda National Immigration Bureau (G.N.I.B.).

Students from non-E.U. countries must register with the Garda National Immigration Bureau within 30 days of arrival in the State irrespective of the date stamped in your passport by immigration officials at the airport on arrival.

Do not expect to have an e-mail address within the first few days. You will be required to read and sign the regulations before being given access to the computers. The regulations include the prohibition of sending offensive or disruptive mails, loading or using any software without authorisation, and damaging computer equipment or files.

GMIT EXAM TRANSCRIPTS

FOLLOWING YOUR EXCHANGE PERIOD IN GMIT:

Please note that it is the responsibility of the student to access and print the official exam transcript via "Web for Student" and forward a copy to their home college. Students will be made aware of this and be issued with instructions for accessing the transcripts on the web.

(EUROPEAN CREDIT TRANSFER SYSTEM)

GMIT uses the ECTS system throughout all its courses. The subjects which make up each academic year of each course are awarded credits amounting to 60 or 30 per semester for courses which are semesterised. The number of credits awarded to each subject are indicated in the course descriptions. To be awarded these credits, students must successfully complete the workload associated with the subject and pass the final examination in the subject.

Each student is expected to complete the Learning Agreement form after arrival in GMIT. This form is signed here and returned to the home college for approval of subject choices and confirmation that full academic recognition will be given in the home institute for the subjects studied abroad.

On completion of exams, students and their colleges receive a copy of the transcript of results indicating the College grade and the ECTS grade as well as the number of credits awarded.

While it is necessary for Irish students to do all the subjects which make up their course, many visiting students make up their 30 or 60 credit requirements from a variety of different courses throughout the various departments. These students do not graduate from GMIT but do receive HETAC and ECTS credits for each successfully completed subject and are known as ACCS students for exam purposes.

THE ECTS GRADING SYSTEM IS AS FOLLOWS:

ECTS Grade	Percentage of students achieving this Grade	Definition
A	10%	Excellent
B	25%	Very Good
C	30%	Good
D	25%	Satisfactory
E	10%	Sufficient
FX	-	Fail - some work required
F	-	Fail - considerable work required

STUDENTS' UNION

STUDENTS ACTIVITIES

The Students Activities office is a branch of the Students' Union that provides services, support, and opportunities for students to engage in extra-curricular activities. The Students Activities Officer's function is to assist in establishing new activities while providing assistance and advice to existing groups, this role also has responsibility for acting as the Students' Union liaison and point of contact for International Students. Assisting them in adapting to campus life both socially and culturally and to offer advice on any other difficulties they may be experiencing.

GMIT has over twenty societies offering a range of opportunities for social interaction and personal development. You can join groups such as the DJ society, International Society Living History Society, LGBT society, get involved in Cumman na Gaeilge or volunteer in GMIT Students Union Volunteering programme!

There are several benefits of being a member of a society - enhance your social life, increase your chances of employment after your college career is finished, improve your skills and abilities and most importantly make new friends and enjoy the experience of being a member of a society. Societies are a fantastic way to meet people with similar interests. Many people find that they make their best college friends through joining a society and it's a great way to meet people outside your halls, course and even from another campus.

THE INTERNATIONAL STUDENTS' SOCIETY

French, Spanish, Chinese, Saudi Arabian, German, Polish, Finnish, Czech, Canadian, Italian, Irish and more - that's a lively, loud crew. This is a very sociable Society which we recommend you join when you become a student of GMIT. The aim of this Society is to bring International students together to experience the best of Ireland and to become familiar with the Irish culture, history and geography. It gives students of different nationalities the opportunity to meet each other and socialise with Irish students. With many organised events each year, ISS is a very sociable group of more than 150 members; who get together for parties, sporting activities and twice yearly for a weekend trip. In the past, they have organised weekend trips to Belfast and Aran Islands and various nights and events out including.

RED SQUARE / UNION SQUARE

The Students' Union common area (Red Square) is located in Room 509 beside the GMIT canteen. Red Square is an area for students to watch TV, play games and participate in activities, or just chill out on a break from class or after a hard day's study! It will also be a hub of on-campus entertainment as part of GMITSU events and campaigns all year round. Red Square boasts an extended games area with an air hockey table, table football game, dartboard and table tennis game. 'Giant' board games are also available for rental from the SU Office!

The Students' Union also runs this coffee shop. Located at Union Square, this is a great GMIT meeting place with TV and Playstation!

Meet like-minded people and make your college experience something to remember!

HOW TO JOIN A CLUB

**Get Involved
Today**

Joining a Club or Society simply entails signing up at the SU desk, and going along to the meetings or gatherings. The degree of involvement is entirely at the discretion of the student. FAQS FOR STUDENTS

Below are some frequently asked questions that we hope will make the examinations process easy to understand.

How do I access the Exam Timetable?

The timetable is published on the GMIT website one month prior to the commencement of exams.

Go to www.gmit.ie

Study at GMIT>Exams>Timetables.

Who do I contact if I have a problem with my Timetable?

Contact your Head of Department – via the School Office.

What do I need to access my results?

You need your Student ID number and six digit PIN number.

How and where do I get my Student ID number and PIN number?

Your student ID number is located on your registration form which is issued to you by the Registration Department prior to registering with GMIT, and it is also located on your Student Card when issued by GMIT. The HEA require students to complete an online survey prior to registering with GMIT. Your registration pack contains the information you will need to access this survey; your PIN number is part of the information contained in this pack.

Note: The reset PIN is used to access your exam results. Please keep this PIN in a safe place. This PIN once reset by you WILL NOT EXPIRE and you will need it to complete future Online Admissions, Registration and to access your European Diploma Supplement following graduation.

This PIN will not give you access to MOODLE, College email or the computers within the Institute. This PIN is issued by the IT Department and expires annually.

Who do I contact if I have forgotten or mislaid this PIN?

Contact Webforstudent@gmit.ie ensuring you have included your student ID number and Date of birth.

Who do I contact if I have to defer an exam?

If you become ill, for example, and you need to defer an exam, you should contact your Head of Department – via the School Office.

How do I get my exam results?

Exam results are only issued online through Web for Student and not posted out to students. (This is the same system you used to complete the HEA Online Survey).

To access your results go to www.gmit.ie

Click onto:

Study At GMIT > EXAMS > Online Results >

Access your online results > Enter Secure

Area: Enter your student ID number and six digit PIN number and login.

To proceed to your results

Click onto: Student Services and Financial

Aid > Student Records > Provisional Grades >

Submit on the Academic Term displayed, eg 2013/2014. Your results will then appear.

What do my results mean?

Your results page is composed for 2 parts

Part 1– Student Information - contains information about the programme you are undertaking; it also contains your academic standing, which means the overall result for the current year.

Part 2 – Overall Results to Date – contains the marks achieved for each subject (otherwise known as Module or Course Title)

Why are my results Provisional?

All results remain provisional until they are ratified at the Exam Boards meeting held in September of the following academic year.

What does Academic Standing Mean?

This is the overall result for a year (stage) in all years other than award years, the result will be either:

- PS (PASS)
- EX (EXEMPTIONS Granted)
- FL (FAIL)
- DE (DEFER)
- AB (ABSENT)
- WH (WITHHELD)

What do these mean?

PS – means you have passed everything and you can progress to the next year

EX – means you have to resit or repeat subjects (modules)

FL – means you have failed and you are required to resit or repeat subjects (modules)

DE – means you have deferred subjects or the programme

AB – means you did not attend for examination

WH – means you have something outstanding that must be completed, e.g. continuous assessment, project, practical or final exam.

How do I know if I have to repeat an exam?

If you have to repeat an exam you will see “exemptions granted”.

If the pass mark in your subject (module) is 40% and your mark is less than that, you are required to resit or repeat this subject (module). The same applies for subjects that have a pass mark of 50%.

You will receive further notification regarding the repeats process during the academic year. Please ensure you have activated your college email account. It is your responsibility to ensure you are fully aware of your repeat requirements as the Institute will not be writing to you.

Note: You are obliged to resit any failed exams at the next available sitting.

Who do I contact if I have a problem with my results?

Contact your Head of Department (through your School Office)

How do I get an exam rechecked?

Please refer to your Code of Conduct Handbook for detailed information on Rechecks, Reviews and Appeals. All rechecks must be in writing (email is acceptable), and submitted to your Head of Department within seven days of the results being published.

Note: Requests for rechecks of Winter Exam results are not considered until after the Summer Exams.
