

Checklist – Post graduate Diploma/MSc in Palliative and End of life Care

Applicants Name:	
Work Location:	
Grade:	
NMBI PIN:	

1. To be completed by the Director of Nursing

I confirm that _____ (applicant's name) has been approved to undertake the PGDip/MSc in Palliative and End of Life Care. I confirm that the above-named applicant will be employed in an appropriate setting in order to meet the needs of the programme for the duration of the programme. I confirm that as part of the clinical practice module the above-named student will be facilitated and supported to complete the mandatory 2 x one week placements in specialist hospice/community care settings.

Signed: _____

Date: _____

Designation: **Director of Nursing**

2. To be completed by the nominated assessor.

I confirm that _____ (applicant's name) will have the required supervision for the duration of the module.

I confirm that I meet the following criteria;

- A senior staff nurse/ CNM 1 or CMN 2 registered health care professional with a minimum level 8 or level 9 qualification.
- Have at least two years' experience in the area of clinical practice.
- Agree to attend an Assessor's preparation workshop (date to be advised later)
- Have prior experience in assessing student learners.

Signed: _____

Date: _____

Designation: **Identified Clinical Assessor**

NMBI PIN: _____

3. To be completed by the applicant:

I confirm that I have identified a suitably qualified clinical practice supervisor named above to assess and support me during my undertaking of the Clinical Practice Placement module. I confirm that I am currently registered with NMBI. I am willing to be garda vetted if this is a requirement for any/all of the specialist clinical hospice/community care placements.

Signed: _____

Date: _____

NMBI PIN: _____

NB: The facilitation of supervision and appropriate workplace access for the duration of the programme is the responsibility of the healthcare provider. The GMIT accepts no responsibility for a change in circumstances in the practice setting that directly effects the students' ability to complete the programme within the defined timeframe.
